Reminders from the President

By-Laws Ratification: This year our chapter is required by SHRM to review and ratify our chapter by-laws and as such I would like to start a small committee. This process involves review of the existing language in our by-laws, edits, submission to SHRM and membership vote. All work will be completed via electronic communication, so you won't need to worry about missing work. If interested in participating on this committee, please send me an email at mckayburnedttsolutions@gmail.com

In August at the HR Florida Conference our Chapter has established a team to **run in a 5k to raise money** for the Dan Marino Foundation. You can help even if you aren't planning to be at the conference OR don't want to run/walk. Join the team and raise money via social media and help us show the rest of the state chapters how it's done! To join the team go to [click here](#). Just want to donate? Go to: [Donate](#)

Kathy Brantley PHR, SHRM-CP, CCP; Human Resources Analyst, Charlotte County BCC

Left to right: Commissioner Bill Truex, Human Resources Analyst Kathy Brantley, Human Resources Director Heather Bacus, County Administrator Ray Sandrock.

Kudos to Kathy, who was recently named Charlotte County Employee of the Month! Ms. Brantley lives and breathes customer service. Managing classification and compensation for the organization. Kathy wants to ensure each and every employee who has a question, gets an answer. While it is part of her job to understand various roles and responsibilities in the organization, she makes it her mission to understand how Charlotte County does things and how we can make the organization even better.

She was recently the project manager for the compensation study and she effectively handled the massive project. Working with the consultant and every department, Kathy was the team lead in HR ensuring all the various components of the comp study were completed accurately and in a timely manner. The changes were implemented smoothly because of her leadership.
